Questions? Call us at 845-735-4084, x115.

To the Pearl River Community

On behalf of the staff and trustees of the Pearl River Public Library, I share that our thoughts are with all in the community who suffered tragedy and hardship caused by Hurricane Sandy. We are grateful that the Library had the good fortune not to experience any structural damage or loss of power when so many other facilities, including other libraries and schools, were not able to open their doors for a period of time.

For a number of days following the storm the Library provided service to those who needed to charge their cell phones and other electronic devices, access the Internet, find safe, engaging pastimes for their families, or just have a warm, comfortable place to consult a newspaper or read a good book. Librarians provided a steady stream of information about local concerns. Staff members and volunteers quickly organized a variety of daily activities for children – we did not want to let Halloween go by without providing some fun and treats for the kids.

If you came to the Library during that time, you saw that every chair, desk, public computer and electrical outlet in the building appeared to be occupied. Our Wi-Fi use exceeded all system records. We had more than double our typical number of daily visitors as we assisted people from Orangetown and throughout Rockland and beyond. Library staff, some of whom were experiencing their own personal issues with property damage and living without power and heat, gave a friendly welcome to all. Library users, seated closely together, could be seen helping each other, gladly sharing equipment and offering technological advice.

So many of our patrons and visitors had kind things to say -- I would like to share how much we appreciate and were encouraged by all the many expressions of gratitude that were conveyed to us. I commend the staff for their dedication and also thank our Board members and the community as a whole for their support.

Kathy Rose
Library Director

We’re always open to look up a book!
