Focus group findings discussion.

Architectural plans can be done in a timely manner.

Next step is to hire the architects.

No second bond! Whatever we need to do needs to be planned out, we cannot go back to the taxpayers for more than one bond. It's a one shot deal, cut out what you can't afford. We need to have flexibility down the road.

Two concerns-
Getting the word out
Cost of all of this planning, etc.

Taxpayers recommend we go with the school vote in May.

4.5 solid months to get to a plan in motion.

Meet next time and say this is what the survey said, this is what the focus group said.

For our next meeting on 12/8/22, the architects will have 3 concepts/schemes for us to look at.
